

## Terrible Suffering

**Eczema All Over Baby's Body.**  
"When my baby was four months old his face broke out with eczema, and at sixteen months of age, his face, hands and arms were in a dreadful state. The eczema spread all over his body. We had to put a mask or cloth over his face and tie up his hands. Finally we gave him Hood's Sarsaparilla and in a few months he was entirely cured. Today he is a healthy boy." Mrs. Inez Lewis, Barre, Maine.  
Hood's Sarsaparilla cures blood diseases and builds up the system.  
Get it today in usual liquid form or chocolate tablets called Sarsatabs.

## KNOCKED OUT IN THE THIRD.

**Bombardier Wells Is An Easy Mark For Palzer.**

New York, June 29.—Al Palzer, the New York heavyweight who has "white hope" aspirations, knocked out Bombardier Wells, the heavyweight champion of England, in the third round of a scheduled ten-round bout in this city last night.

Wells' seconds threw up the sponge when the British dropped under a deadly right body blow.

Palzer, who was knocked down in the first, dropped Wells toward the end of the second and knocked him down twice in the third.

Wells no sooner stood up the second time than Palzer planted a hard right below the heart and Wells sank, crumpled and lay helpless while his seconds saved the referee the trouble of counting him out. It was a rapid and exciting fight from the start.

## JOHNSON WILL INSIST ON A 20-FOOT RING

**The Champion Is Taking Off Weight Rapidly and Now Tips the Scales at 214.**

Las Vegas, N. M., June 29.—That Jack Johnson will insist on a 20-foot ring when he meets Jim Flynn here on July 4 was the declaration yesterday by Tom Flanagan, the black chief's handler.

Flanagan called on Jack Curley and notified the promoter that under no circumstances would he permit his man to fight in a 17½-foot ring. Inasmuch as a ring of the latter size is already in place, with press boxes built all around it, Curley demurred, but Flanagan announced that he would insist.

Johnson is taking off weight rapidly now. He tipped the scales at 214 yesterday, just before he started out on the road for a 12-mile run. He is somewhat handicapped in his training, however, by the condition of his sparring partners, George Debray suffering from a badly sprained knee, while Marty Cutler, his chief sparring partner, is sick. Debray will be unable to do any work until July 1, while Cutler cannot do any more sparring before next Thursday's battle.

Flynn was in excellent shape yesterday. He was out on the road early.

### MITCHELL NOT SENTENCED.

**Court Not Certain of Power to Punish Absent Man.**

Washington, June 29.—No sentence for contempt of court was imposed by Justice Wright on John Mitchell yesterday, because of the absence of the labor leader, who is in the West.

Justice Wright was doubtful of his authority to impose a sentence in the absence of the defendant. He said he would give Mitchell a reasonable time to appear in Washington, and unless he complied, he would be brought here by court process.

## SARANAC WINS FROM I. A. C.

**Latter Team Shy of Its Regular Battery**

## AND SUFFERS AS A RESULT

**But Visiting Team Was a Real One and Played Good Ball—Score Was 6 to 1 in Favor of the Visitors.**

Another real baseball team came to this city yesterday under the guise of a New York state summer and winter resort club. The Saranac Lake baseball team had little difficulty in disposing of the local Italian Athletic club by a score of 6 to 1 at the new grounds of the athletic club on Berlin street.

The Saranac team is composed of college and preparatory school players, who show the effects of excellent coaching and play with vim. Their victory would not have been quite as decisive but for the dissembling of a few of the Barre players, including this battery, Weafer and Comolli. In order that the team might assume some of its real strength, the battery of the Barton state champions were imported. Laird was on the knob and twirled a good game. He was connected for nine hits, but these were bunched, enabling the Lakers to pile up four earned runs, the other two were the result of errors. Laird's running mate, the old Dean man, was assisting him behind the bat. His mighty whip was a menace to the visiting base runners.

In the person of one Gayley, who is said to spend the greater part of his time at the university of Pennsylvania, the Barre fanlom cast their eyes on about the coolest pitcher seen here this season. To the crowd, his form was not indicative of masterful pitching, but his underhand ball had the local lads guessing always. The fishing furnished but little in the way of sensations. Witt, the former Goddard man, accepted five assists in a very clever manner. Several of these were difficult running pick-ups. Witt also led his team with the willow, starting the going in the third inning in which the I. A. C. made their only score. Dimmick, the Dean pitcher and outfielder, was the stellar wielder of the mighty ash during the afternoon. He found Laird's benders to his liking and smote the ball mightily every time up. In the fourth he cracked the horseshoe in deep center, the ball just clearing the fence, entitling him to a home run. Again in the ninth, he tagged one of Laird's offerings for a ride over the right field fence for two bases.

With a vengeance, the New York states landed on Laird, rounding out the first innings with two dots tabulated in the run column. Stafford patiently waited for a free ticket to the initial sack; took second on Torney's hit to left. Both runners were advanced on Lee's sacrifice. McLaughlin, the clever last baseman of the visitors, was there with a solid crash to center for two sacks, sending Stafford and Torney in ahead of him. Laird tightened up and struck out Wescott.

In the third inning, the local team registered its only tally. Witt tripled to center, but was caught at home on Comolli's fielders' choice, stole second and took third on Stafford's error. Barrow's double scored Comolli. Things moved smoothly until the fourth, and then the visitors rolled in two more runs. Wescott, of football fame, drove the ball along first base line for two bases and scored when Witt threw wild to third in an endeavor to stop the third baseman from making three bases on the hit. Dimmick accounted for the other run this inning by slashing the ball over center field fence. In the fifth run, No. 5 was brought in by Stafford for the Saranac team. He singled to left, purloined second and slipped in on Giacomuzzi's miscalculation. The last counter of the game came in the last inning.

## Comforting Words

**Many a Barre Household Will Find Them So.**

To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove comforting words to hundreds of Times readers.

Mrs. E. B. Lewerenz, box No. 51, R. F. D. No. 2, Barre, Vt., says: "From my experience with Doan's Kidney Pills, I know that they are an effective kidney medicine. Last fall I began to suffer from kidney complaint, and as one of my relatives had been cured of this trouble by Doan's Kidney Pills, I decided to follow his example and try them. My back was so lame and painful that I could not do any work that required stooping or bending. After I had taken the contents of three boxes of Doan's Kidney Pills, I was relieved, and again last spring when I took them they benefited me. I keep Doan's Kidney Pills in the house all the time, and whenever an opportunity occurs, I recommend them."

**Notes of the Game.**  
A good-sized crowd for a mid-week game. Several of the visitors are Dean men. Stafford, Wescott and Dimmick held down positions on the Dean team in the season just closed.

"Cap" Lee, the Tufts player and former Goddard and Barre A. C. player, hovered around second base for the visitors. In the field he accepted his four chances cleanly, but was unable to fathom the curves of his last summer's teammate.

In Capt. Torney, the Saranac Lake team has a man that can cover acres of the outer gardens. In the fourth inning, he made a clever running catch of Calacagni's fly. He also appears to be a dangerous man with the stick.

McLaughlin of the visitors is one of the best fielding first basemen that have been seen in this city this season. He is a left hander and handles himself with ease.

With all their cripples, the I. A. C. team is somewhat behind in the running. Weafer is out of the game for a few weeks following an operation on his neck. Comolli's finger has not healed sufficiently to permit him to return behind the bat. Tonazzi, the star outfielder, is at present out of town. Soldini's finger is still in bad shape. Bottiggi, who sprained his ankle a few weeks ago, has regained his former speed.

At the close of the game, both pitchers appeared to be growing stronger, and it might be that Laird will be sent in again for the Barre team.

## POLICEMEN ARE INDICTED FOR LARCENY

**New York Patrolmen Are Said to Have Taken Diamonds From Prisoner.**

New York, June 29.—Patrolman John F. Hyland of the West Seventeenth street police station and former Patrolman Edward V. Farley, who was dropped from the force after he had been absent five days without leave two months ago, were indicted Thursday in connection with a diamond robbery which it is said, took place in the old West Twentieth street station.

Hyland is accused of grand larceny in the first degree; Farley of criminally receiving stolen goods. Both men have vanished. Detectives are searching for them.

John De Cock, a diamond cutter at 106 and 108 Fulton street, went on the evening of Jan. 22, last, to a restaurant in Sixth avenue, near Twenty-seventh street. In a wallet he had cut and uncut diamonds valued at \$2,200, besides pins and rings. He drank a good deal of wine with his dinner. When he reached the sidewalk he reeled and dropped into the gutter.

Policeman Hyland took him to the station, where he was searched and a list made of the articles in his possession. When, next morning, they were restored to him and he was asked to sign a receipt, he declared some of the jewels were missing.

Later a part of the gems were sent to a priest with a note purporting to come from a repentant thief. After Policeman Farley's disappearance, others were found in the possession of a Harlem jeweler, who said he bought them from Farley.

### STILL A MYSTERY.

**Identity of Woman's Slayer Is Still Unknown.**

Woonsocket, R. I., June 29.—Persistent unravelling of the various possible clues to the solution of the mysterious murder of the woman whose headless body was found in the Blackstone river Tuesday failed yesterday to throw any real light on the case.

The police yesterday forenoon made a search of the house of Eugene Jacobs, who found the body near his home but nothing was found which they could connect with the crime.

A theory which the police gave considerable attention yesterday was that the head had been destroyed by the large herd of pigs kept by Jacobs. Medical authorities said that the pigs would consume it entirely.

It was planned to ask the mills in the vicinity to draw off Manville water this afternoon, which will cause the water to recede from the banks and thus lay bare three-fifths of its river bed. A search will then be made for the clothing or the head.

## IMPROVED REAL ESTATE.

**Only Mortgages on Which Money Is Loaned by Waterbury Financial Institution.**

During the first few days of July more money is deposited in savings banks than during a like period in any other month in the year.

July 1 is the best time in the year to divide your savings bank account. It is not wise to put all your money in one bank. Some of our largest depositors and our very best customers are the overflow from other banks. It is this conservative class that appreciates good banking methods, and deposits from such persons add strength to any financial institution.

If you are contemplating opening an account with another bank, the Waterbury Savings Bank and Trust Co. solicits your business and will welcome any examination of its affairs you would care to make, which we know would convince you of the soundness and straightforward methods of the bank which is soliciting a part of your business.

This bank welcomes the small accounts. One dollar will start one. Some of our largest depositors were once the smallest. If you have never had a savings bank account, open one by July 5; it will draw interest from the 1st.

This bank pays four per cent. per annum, and interest is credited April 1 and October 1. Thus, if you make a deposit on or before July 5, the interest will be credited to you up to October 1.

Guardians and trustees who have cash on hand which they must use on or about October 1 can save much interest money by depositing it with the Waterbury Savings Bank and Trust Co.

All of the real-estate mortgages held by this bank are on improved property located in central Vermont. It does not carry a western loan on its books, either directly or indirectly.

Send us your deposits by mail; they will receive the same careful attention as if you appeared at the bank in person.

The bank has new and modern vaults, and every precaution is taken in safeguarding any business entrusted to it.

Consider these points:

The bank pays four per cent. interest. Its management is conservative.

The home of the bank is in one of the most thriving towns in Vermont.

No western mortgage loan upon its books.

Interest periods, April 1 and October 1.

In sending deposits, or writing for information as to its assets and liabilities, address W. B. Clark, Treasurer, 14 Main street, Waterbury, Vermont.

## LIFE TERM IS GIVEN BARON FOR MURDER

**Slayer of the Italian Queen's Lady in Waiting Is Crushed by Sentence.**

Rome, June 29.—The Baron Lieutenant Vincenzo Paterno, who stabbed and killed the Princess Trigona, a lady in waiting to the queen, was found guilty Thursday of premeditated murder, but with extenuating circumstances. The claim of partial insanity was not allowed. The baron was sentenced to imprisonment for life, which is to be preceded by ten years of solitary confinement.

A large crowd, including many women, waited outside for a long time yesterday to see the weeping prisoner. The baron was dressed in black even to his shirt. A limited number of the curious, most of whom were women, were admitted, and the police held up the rest. The jury returned in an hour with the verdict of guilty.

When sentence was pronounced, the baron was apparently on the verge of collapse. Once during the evening he muttered, "Julia is now revenged."

The sentence has created a tremendous impression and is regarded as of almost unprecedented severity.

## Why They Hold Up

One trouble you find with some ready-made clothes is that often they don't keep their shape.

## Hart Schaffner & Marx

clothes are made of all-wool fabrics, and thoroughly shrunk; the tailoring in them is the highest grade; the "insides" are of the best quality.

That's what gives shape-keeping quality; and makes style that stays stylish.
